if it can rain
(or snow), it can flood

Did you know most homeowners policies don't cover flooding?

Or that flooding is the most expensive and frequently reoccurring natural disaster in the United States? ERIE wants to help you protect what matters most by ensuring your home has the coverage it needs.

This easily overlooked (and potentially costly) gap in coverage can be filled by purchasing an **Extended Water** endorsement¹ on your ErieSecure Home[®] policy—or adding it as part of an ErieSecure Home[®] Plus or Select bundle. It can help cover:

- Basements and other rooms that flood during a storm or various flooding events²
- Water that backs up from sewers or drains
- Repair or replacement costs for both your home and personal property²
- Additional living costs associated with temporarily relocating while your home is being restored³
- Flood avoidance reimbursement (up to \$10,000) to help proactively protect your home before flooding occurs⁴

¹Extended Water coverage endorsement does not satisfy mandatory flood insurance coverage should it be required by your federally regulated lender for your home mortgage or loan. This insurance product is not affiliated with the National Flood Insurance Program. Not available in all states. ²Extended Water coverage is not intended to provide coverage for damage caused by leaking or wet foundations or basements, water damage caused by normal wear and tear or other maintenance related damage. Insurance products are subject to terms, conditions, exclusions, limits, sub-limits not described in this insert. The policy contains the specific details of the coverages, terms, conditions, exclusions, limits, and sub-limits. ³Additional living expense is subject to terms, conditions, sub-limits and are limited in duration. The cause of the flood, as determined by ERIE, may impact the duration for which living expenses are paid after covered event. ⁴Reimbursement for flood avoidance is subject to certain conditions and limitations not mentioned in this insert.
